Report on the Performance of Work Duties in the Area of Publishing and Scientific Research by Research Staff at the Bratislava University of Economics and Business for the Period 2021 –2025

Of the 45 researchers at the Faculty of Applied Languages (FAJ), 12 do not meet the criteria for evaluating publication and scientific research activities as set forth in Internal Directive No. 9/2022 of the Bratislava University of Economics and Business — Principles for the Evaluation of Researchers at the Bratislava University of Economics and Business for the period 2021–2025.

Researchers who did not meet the requirements were invited to an interview before the evaluation committee, composed of:

Assoc. Prof. PhDr. Radoslav Štefančík, MPol., Ph.D. – Chair of the Committee

Assoc. Prof. Mgr. Mária Spišiaková, Ph.D. - Vice Dean for Science and Research

Ing. Denisa Běčáková - Committee Secretary

Mgr. Barbara Tóthová - Recording Secretary

Almost all of the invited researchers lack publications in Category A or B. They need to focus their publishing efforts on higher-level categories, i.e., indexed journals and monographs.

Two researchers are recommended for reassignment to the position of lecturer, as they have repeatedly failed to meet the criteria even in Category C.

The dean proposes training sessions at the Department of English Language and Intercultural Communication and the Department of German Language and Intercultural Communication regarding publication in indexed journals.

In Bratislava, June 1, 2026
